AFN invites you to join us on February 14, 2025, from 1 p.m. - 3 p.m. ET to discuss the outcomes of the largest AFN National Climate Gathering! Over 800 participants came together in Calgary from October 7-10 to discuss a variety of First Nations climate solutions, including conservation, environmental health, youth-led initiatives and more. Join us to hear outcomes from the Gathering, and to continue a focused dialogue on the creation of a National First Nations Climate Action Toolkit. Participants are invited to reflect on the Gathering outcomes and contribute to the path forward for the climate action toolkit.
