

7TH ANNUAL WATER SYMPOSIUM & TRADE SHOW

Bridging the Gap: First Nations Water and Wastewater Equity

15-18 April, 2024 | Hilton Lac-Leamy | Gatineau (Québec)

CORPORATE SPONSORSHIP OPPORTUNITIES

Come and join us in Gatineau as part of this important Symposium!

We invite you to become a sponsor of the Assembly of First Nations (AFN) 7th Annual Water Symposium and Tradeshow: “*Bridging the Gap: First Nations Water and Wastewater Equity*”, taking place in Gatineau, Quebec, from April 15-18, 2024. Building upon the dialogue from the 6th National Water Symposium: “Securing Safe Water for all First Nations”, the AFN is hosting an in-person national Water Symposium and Trade Show focused on addressing important water-related issues facing First Nations.

Access to safe, clean drinking water and sanitation is more important than ever, given the uncertainty facing First Nations with respect to water. Legislation, questions around sustainable funding, long-term transfer of care and control, and the implications of a new national water agency continue to be important issues to First Nations. Compared to most Canadians, access to safe, clean drinking water and sanitation is a human right that many First Nations still don’t have.

The symposium is an excellent opportunity to showcase your business/organization and interact with First Nations leadership from across Canada, water technicians, Public Works Department staff, First Nation infrastructure technicians, consultants, Government officials and non-government organizations and academia with interest in First Nation drinking water and wastewater issues.

There will be panel presentations and interactive workshops where participants can learn and share their experiences. We are hosting a Trade Show where organizations and companies can showcase their water and wastewater treatment products and interact with First Nations leadership and decision-makers, water technicians, Public Works Department staff, First Nation infrastructure technicians, consultants, Government officials and non-government organizations and academia with interest in First Nations safe drinking water and wastewater issues.

If you are interested in being a corporate sponsor for the 7th Annual Water Symposium and Trade Show, please send an email outlining your interest to: water-eau@afn.ca.
