

Nuclear Waste Management Forum

Navigating Nuclear Waste with Sovereignty and Self-Determination

May 26th & 27th, 2026 | The Ottawa Conference and Event Centre, Ottawa, Ontario

The Assembly of First Nations (AFN) will host a Nuclear Waste Management Forum, “*Navigating Nuclear Waste with Sovereignty and Self-Determination*,” on May 26th and 27th 2026, on the traditional unceded territory of the Anishinaabe Algonquin Nation in Ottawa, Ontario.

Under the theme “*Navigating Nuclear Waste with Sovereignty and Self-Determination*,” the AFN Nuclear Waste Management Forum is an opportunity for First Nations Chiefs, technicians, community members, economic development and natural resources officers and technicians, industry representatives, government officials, and non-governmental organizations, to engage in facilitated dialogue, networking, and information sharing on nuclear waste management, transportation and storage. It will serve as a vital platform for discussions on nuclear waste management, with First Nations’ rights, perspectives, and priorities are at the forefront.

For more Information about the forum or inquiries regarding speaking opportunities, please contact water-stewardship@afn.ca. Additional information will be available soon on www.afn.ca.
